

MPH Pricing Policy Effective 4/1/21

● **OFFICE VISITS:**

- All new patient consultations and evaluations are \$300. All new patient consultations are done with an MPH provider and an MPH therapist.
- Established patient follow-up visits with an MPH provider are \$150

● **IV KETAMINE INFUSIONS:**

- MPH charges \$500 per infusion of ketamine. Most patients require 6-8 infusions for initiation and on average one booster every 4-6 weeks.
- This is inclusive of any additional medications one may receive during an infusion (does not include NAD+)

● **PSYCHOTHERAPY:**

- All patients will have one free preparation session with one of our therapists.
- A 50-minute therapy session is \$100.

*All therapy patients who advance beyond the free preparation session with an MPH therapist are required to have a credit card agreement on file to continue therapy.

● **KETAMINE ASSISTED PSYCHOTHERAPY (KAP):**

Ketamine Assisted Psychotherapy sessions are priced as follows:

- \$150 when our therapists sit in on an IV ketamine session in addition to the infusion fee
- \$300 when the patient takes oral ketamine during a therapy session (2.5 hrs)
- \$500 when our therapist guides an intramuscular (IM) ketamine session (2.5 hrs)
- \$100 for follow up integration therapy sessions (50 minutes)

*Patients must have at least two preparation therapy sessions before an KAP session can be scheduled.
Total number collaboratively decided between therapist and patient.

● **CANCELLATION POLICY:**

- Any appointment cancelled with less than 24 hours notice will be charged 50% of the visit fee.
- Exceptions will be made for medical or family emergencies.
- Patients will be asked to keep a credit card on file and this will be charged for missed appointments without prior approval.
